Experience

CS.MONEY

Lead Product Designer · Aug 2024 – Present

Led the team that designed Pick'Em predictions with marketing; the mechanics paid back the costs and turned a profit. Ran the redesign of every flow for the front-end rewrite; the team shipped on schedule. Grew two designers to Middle+ and one to Senior, and rebuilt the team with a new UX writer.

Senior Product Designer · Jun 2022 – Aug 2024

Built template banners behind feature flags, so preparing for Valve updates went from days to hours.

Product Designer · Mar 2020 – Jun 2022

Redesigned the deposit window, which raised deposit conversion and became the standard for our other products.

CANTO

Product Designer · Feb 2021 – Oct 2023

Created the brand identity and UX/UI from scratch for the project and its crypto network.

Teamcheck

UX/UI Designer · Aug 2018 – Mar 2020

Mapped user flows, drew wireframes, designed web and mobile UI and handed it off to developers.

SHISHKI Collective

Digital Designer · Aug 2018 – Mar 2020

Created websites, visual identities and digital assets for studio clients.

ENDY

Web Designer · Sep 2017 – Jun 2018

Designed websites and landing pages for clients, from first concept to final layout.
